

EXPOSED FASTENING SYSTEMS

RETRO-R®

The Retro-R® Panel is an excellent choice for retrofit construction, and can be applied directly over an existing PBR or R panel to give your building a new look and longer life. This exposed-fastened system has a membrane on the back side to prevent rust from the old roof and from transferring to the Retro-R® panel.

PRODUCT SPECIFICATIONS

Applications: Roof and Wall

Coverage Widths: 36"

Rib Spacing: 12" on center

Rib Height: 1 1/16"

Minimum Slope: 1/2:12

Panel Attachment: Exposed Fastening System

Gauges: 29 (standard); 26

Finishes: Smooth (standard);

Coatings: Galvalume Plus®, Signature® 200
